### TAX HEARING WILL BE HELD SEPTEMBER 5

Processing On Meat  
Products Will Be  
Discussed

By Sam B. Eldsode  
Associated Press Staff Writer  
Washington, Aug. 26.—(AP)—A hearing on the proposed processing tax on meat products, depended upon to pay the cost of the government's emergency campaign to reduce the supply of pigs and farrowing sows, today was set for September 5.

This will be the first public hearing on a processing tax. The levies in effect on wheat and cotton were the first. The proposed levy on hog products—estimated at about half a cent a pound—is considerable below the difference between parity and the price which are bringing now.

No public hearing is necessary if the processing tax covers the spread between market and parity price but it is less, a public hearing must be held. The proposed levy on hog products—estimated at about half a cent a pound—is considerable below the difference between parity and the price which are bringing now.

The parity price in all the basic commodities named in the farm act save tobacco is the sum at which they must sell to have the average purchasing power they had from 1909 to 1914.

The estimate of the cost of the hog reduction campaign is around \$32,000,000. The edible products from the hogs will be turned over to the federal relief administration and the organization probably will pay about \$2,000,000 for the foodstuffs. The processing tax is intended upon to raise about \$13,000,000.

Meanwhile, the farm administration was attempting to untangle the snarl which resulted when pigs were rushed to market in such numbers that they stamped facilities.

The payment of premium on pigs shipped after 1 p. m. Friday, Eastern Standard Time, was suspended at the six markets, until next Tuesday.

The orders today were modified to the extent that Chicago and Omaha will resume the payment of premiums Monday morning. However, they remain in effect until Tuesday at St. Joseph, St. Paul, Kansas City and Sioux City.

Farrowing sows were not affected by the order, nor were they weighing between 80 and 100 pounds.

The mandate stands that permission to ship to any market authorized to buy the pigs and sows must be obtained before the owner leaves the farm or shipper.

Miss Bernita and Elsie Hutchins left Saturday for Chicago where they will spend the week at the Century of Progress and visiting friends. Miss Bernita is on vacation from her duties at the American Bankers Insurance company.

Miss Jeanette Angelo, of Lynville, is spending the week-end in Chicago visiting the Century of Progress.

### Duck Hunters To Offer Arguments To Department

Washington, Aug. 26.—(AP)—Two schools of duck hunters—those who favor baiting of water fowl and those who believe baiting ought to be outlawed—will present arguments to the agriculture department Monday.

The sportsmen will appear at the hearing on a proposed regulation under the migratory bird treaty which would make it unlawful to provide feed for wild water fowl for the purpose of enticing them to any spot for the purpose of hunting them.

E. Lee Lecompte, Maryland game warden, one of the opponents of the regulation, has appealed to duck hunters of that state to express their opposition to the measure. Lecompte said the regulation would prohibit the placing of feed around duck blinds in Chesapeake and Potomac waters and characterized the step as "very drastic, unenforceable and uncalculated for the benefit of the sport."

Proponents of the regulation, however, say it is necessary to protect the migratory bird treaty which provides for the protection of water fowl.

### INCREASE IN BREAD PRICES ANTICIPATED

Question Interests  
Great Britain's  
Consumers

London, Aug. 26.—(AP)—An increase in the price of bread was anticipated generally by British Isles consumers today as one of the first important reactions to the new international wheat agreement.

This question is of particular interest in Great Britain where wheat bread forms a large part of the diet of wage earners, but an immediate rise in bread prices was not expected.

Wheat options in London rose the equivalent of about 15 U. S. cents gold, 21 1/2 cents at today's rate of exchange per bushel on the strength of the agreement signed last night by 21 nations.

Liverpool prices increased the equivalent at today's exchange rate of 2 1/2 p. m.

Bennett Satisfied  
Premier R. B. Bennett of Canada, chairman of the international wheat conference which began its sessions here last Monday to complete the work initiated at Geneva in May, declared he was "eminently" satisfied with the result as he started for Southampton to take a boat home.

The parity made the "greatest" single move which could have been achieved for the restoration of world prosperity in the opinion of Frederick E. Murphy, one of the American delegates.

### Samuel Insull Being Held in Athens as U. S. Government Starts Extradition Fight

Man Who Never  
Lived With Wife  
Requests Divorce

Kansas City, Aug. 26.—(AP)—Walter A. Bessecke, Jr., of Martin City, Mo., filed suit in circuit court today seeking a divorce from Mrs. Marjorie Bessecke, of Rockford, Ill., saying they were married "in a spirit of jest and frivolity."

Byczek said they married Sept. 19, while he was with a party of young persons in Rockford and that he and his wife had never lived together.

His petition also stated Mrs. Bessecke told him she did not love him.

Physicians examined him and it was on their recommendation that he was taken to the Logothetopoulos clinic.

A difference of opinion arose between Greek and American authorities concerning the right of the Greek government to go into the substance of the case against Insull before passing on the application for extradition.

"The detention is preventive," said a statement issued by Minister of Justice Tsalouglou, "pending the arrival of documents to be furnished by the American legation, on the basis of which a decision will be reached as to whether Mr. Insull should be extradited or not."

Forest Harness, representative of the office of the United States attorney general, said he doubted whether the Greek government had the right to examine into the substance of the charges, which are set forth in an indictment.

A Chicago dispatch said United States District Attorney Dwight H. Green yesterday obtained release of a suppressed indictment charging Insull and his associates with violation of the federal bankruptcy act.

Green said this offense was extraditable in Greece. A mail fraud indictment against Insull was regarded as non-extraditable.

Mr. Harness asserted that Greece was entitled only to judge the merits of the application for extradition.

Insull has been at liberty in Greece since Dec. 27, 1932, when a court refused to extradite him.

In his statement the minister of justice said:

"The minister of foreign affairs transmitted to use a communication from the American legation requesting in accordance with the eleventh clause of the Greco-American extradition treaty, the preventive detention of the American citizen Samuel Insull with the ultimate object of his extradition."

"We have transmitted this communication to the public prosecutor in order that he may act according to Greek law. The president of the court of appeal, to whom the dossier was sent, signed an order for Mr. Insull's detention which was duly carried out."

Mr. Insull is expected to add Deputy Pericles Ralli to the legal counsel he already has.

With the possibility that this noted attorney will be engaged, Athens generally looked forward to another legal battle when the United States presents its documents and not only an appeal court will meet publicly within 48 hours to decide whether Insull is to be detained under closed or open arrest pending trial.

Greek authorities said that under the law the court is obliged to go into the substance of the case and not only its merits, notwithstanding the content of the United States attorney general's representative.

Under the extradition treaty, Greece permits extradition only if the crime is punishable by Greek law.

It was reported that a verbal note requested the seizure of all Insull's private papers. This was interpreted by Greek sympathizers with Insull as meaning that the American government's request for extradition was based on weak evidence.

Insull is suffering from diabetes and a weak heart and the sympathy of the Greek press is on his side.

Premier Tsaldaris stated that justice must be given in the case and that it must take its course.

### TEXAS VOTERS FAVOR REPEAL PROHIBITION

"Dry" State, Votes To  
Legalize Three-  
Two Beer

Dallas, Texas, Aug. 26.—(AP)—Texas, long a staunch rib in the dry "solid south," appeared definitely late tonight to have lined up as the 23rd state to approve repeal of the 18th amendment.

Of total of 369,732 votes counted from today's referendum, 221,718 favored ratification of the 21st amendment, which would repeal the 18th and 13th and 13th and 13th.

At the same time the Texas election bureau reported 224,458 votes to legalize beer through an amendment to the state constitution, with 128,323 against.

The count represented the vote of 222 of the state's 254 counties, with 23 complete.

The count represented the vote of 222 of the state's 254 counties, with 23 complete.

Ferguson Comment  
Gov. Miriam A. Ferguson, expressing certainty the state had come for repeal, said she felt "the state has returned to sanity and that we will be rid of political hypocrisy that has been a painful incident to prohibition."

A measure to authorize a state bond issue of \$20,000,000 for relief purposes apparently had carried overwhemingly.

Senator Morris Sheppard, in addresses, had urged Texans to "drive the first of the 13 nails necessary in the lid of John Barleycorn's coffin."

The approval of 36 states is necessary to kill the prohibition amendment. Washington voters next Tuesday will follow Texas in expressing its sentiment. Elections have been arranged in a sufficient number of other states to ratify repeal this year, should all approve the 21st or repeal amendment.

Sheppard, co-author of the amendment, led the Texas campaign for retention of prohibition, delivering more than 50 speeches in the 31 state senatorial districts, coastless and perspiring in the August heat as he exhorted voters to "hold the line."

Opposing the veteran beer leader was Vice-President John N. Garner of Valde, who was among the first voters to cast his ballot today. Congressman Joseph Weldon Bailey, Jr., and Ex-governor James E. Ferguson, husband of Governor Miriam A. Ferguson, were active campaigners, pleading for support of the party platform and President Roosevelt's recovery program by tapping for public revenue the field of beer taxation.

Garner made no speeches, confining his efforts to public approval of the personal appeal directed to Texas by James A. Farley, national Democratic chairman.

Numerous local election officials also were held in precincts or counties which were dry before national and state prohibition became effective.

The Texas legislature ratified the 18th amendment in February, 1919. The people of the state voted 128,922 for and 130,077 against the state constitutional prohibition amendment, May 24, 1919.

The amendment submitted today would liberalize that provision to permit manufacture and sale of 3.2 beer.

# A SONG OF TOIL

By HELEN WELSHIMER

AMERICA is working! Once again  
There is the sound of labor in the land.  
Flame-bright the forges light the ending dark,  
And tasks begin for every reaching hand.  
There is the ring of anvils in the night,  
The swing of axes, march of workers' feet,  
And steel flows molten, shining as a dream—  
Now we have learned shrill whistles may be sweet!

TRIUMPHANTLY the flag waves high and free  
Above the smoke where industry begins,  
Above the busy-ness of shops and stores,  
Above the hearts purged clean of idle sins.  
Oh, always it is good to have a task,  
Life's pattern must grant some work to men.  
So let the bugles play, the deep drums throb,  
America has gone to work again!

A frock which stands out as a perfect example of sophisticated chic. Fashioned of crepe it will always delight the wearer whether at luncheon or tea. Try one like it.

THIS sleek satin afternoon dress might easily change its spelling and be known as the "beau frock," because it is becoming enough and festive enough for engagements with the best boy friend. Designed in five sizes: 34, 36, 38, 40 and 42. Size 38 requires 4½ yards of 35-inch material, plus ½ yard of 39-inch material for the belt, tie scarf and hand cuffs. The width of the dress at the lower edge, with fullness extended, is 1½ yards.

To secure a pattern and simple sewing chart of this model, tear out this sketch and mail it to Julia Boyd, 103 Park Avenue, New York, N. Y., together with 15 cents in coin. Be sure to enclose, on a separate sheet of paper, your name, full address, your size, the number of this pattern (No. 8597x), and mention the name of this newspaper.

## HE DEMANDS A Modern CAR

... AND YET "STOKES" AN "Antique" HEATING SYSTEM

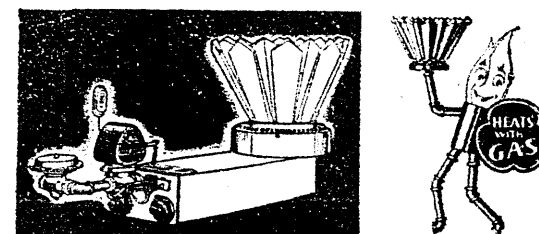

This man insists on modern motorcars for effortless transportation—but he cheerfully tolerates the tending cares of an out-of-date heating plant. He and his family endure the dirt, grime, and unhealthy atmosphere of an improperly heated home many hours a day. How inconsistent it is!

While there is a heating plant down in the basement of your home pouring out smoke, soot, and grime, you can't really hope for a clean home. Install a Janitrol. End the flow of dirt. And you will have a cleaner, more healthful, more comfortable home.

Phone or write us today, and we will gladly send you full information about Janitrol, and AUTOMATIC GAS HEATING.

Janitrol is not costly, either for installation or operation. Often the saving in decorating and cleaning expense more than repays your investment in Janitrol. It easily fits into your present furnace or boiler, and brings you every advantage of AUTOMATIC GAS HEATING—cleanliness, healthfulness, comfort and convenience.

**Ask Oberlin Case Delay**

Attorneys M. J. Dolan and C. C. Reardon of Jerseyville and William Reardon of Pekin, Ill., appeared before Circuit Judge L. E. Stone Friday at Carrollton and presented a motion asking for further time to prepare the case of the People of the State of Illinois vs. Harry P. Oberlin, convicted of manslaughter, for appeal to the Supreme Court on writ of error.

The time originally granted Oberlin to perfect his appeal would have expired on August 25th but owing to the fact the official court report of Greene was occupied with other work during the month of July she was unable to prepare the record in sufficient time to have it ready for the Supreme Court before the expiration of the 100 days allowed by the court.

The law required that the record be printed. These facts were presented to Judge Stone and supported by affidavits and the judge granted the defendant until September 11th and stayed the issuing of a capias until that date. Oberlin was present in court with his attorneys. This case is expected to come up at the October term of the Supreme Court.

## Camera Records River Drama at Philadelphia

(Copyright, 1933, NEA Service, Inc.)

A rope and slippery oil barrel between him and death, this was the scene witnessed by hundreds of horrified Philadelphians when Thomas Williams fell into the turbulent Schuylkill river and fought frantically to save himself from the onrushing stream. This picture was taken an instant before Williams reached for the rope—and missed. He tried again but failed. The barrel now out of his hands, and too tired to make another effort, Williams threw up his arms and was swept onward to his death. This photo of the tragic drama was made by William F. Springfield of NEA Service and Academy.

*Ford Motor Company, Dearborn, Mich.*

*Twelve thousand explosions - a minute*

*Henry Ford Dearborn, Mich.*

For every 5½ inches which the Ford V-8 travels, its engine produces one power impulse. If "impulse" is not clear to you, say "expansion", or "explosion".

One drop of gasoline, hardly as large as a grain of wheat (there are 178 of these drops in a teaspoonful) is vaporized as gas and burned in the combustion chamber. It is the resulting "heat expansion", or tiny explosion, that moves the piston, and so moves your car—5½ inches.

A mile at 60 is only a minute long. And every mile your V-8 travels, 12,000 of these small, closely-spaced explosions occur. The power impulses of the V-8 are so closely timed that they blend in one smooth continuous flow of power.

Now, it is natural that the small, confined combustion chambers should become pretty hot, each with its 1,500 explosions a mile. For remember, at 60 miles an hour, this is 1,500 explosions a minute for each of the 8 chambers. With fewer cylinders there would be just as many explosions per cylinder, but the flame would be larger. Heat, therefore, is not surprising.

Where cylinder heads are of cast iron, as many are, this heat cannot escape as rapidly as is desirable. And so the engine has a tendency to "knock" or "ping". Thus, cast iron makes it necessary to hold a lower compression in the firing chamber, and this prevents getting the full power of the engine.

But the cylinder heads on the Ford V-8 are aluminum, which allows excess heat to escape three times as fast as cast iron does. Housewives who use aluminum cooking pans know that this material distributes heat evenly. Add to this that it dissipates excess heat quickly, and you get the reasons for its use in the Ford V-8.

Our aluminum cylinder head adds 10 horsepower to the V-8 engine, by permitting high compression—and it gets this increased horsepower without increasing the gas consumption. In fact, it uses less gas.

Any grade of gas—with our aluminum cylinder heads—will give you more power and economy. Premium fuels are not necessary.

This is just another point where doing it better costs us more, but you get the benefit. An aluminum cylinder head costs four times as much as a cast iron one. When we put two aluminum heads on the V-8 not one cent was added to the price of the car.

The customer gets the increased power, the greater economy and the better performance.

## REDLEGS SPLIT WITH DODGERS

Brooklyn, Aug. 26.—(AP)—Against using a makeshift infield, with Hack Wilson and Al Lopez alternating at second base, the Brooklyn Dodgers today split a double header with the Cincinnati Reds.

Coming from behind with three runs in the eighth and three more in the ninth, the Reds won the opening game 6 to 4 but Hollis Thurston added by home runs by Outen and Wright, pitched the Dodgers to a 4 to 2 triumph in the nightcap.

Wilson again played second base in the first game and hit a home run along with Fredrick in the losing cause. He made one error, which did not figure in the scoring. Lopez took over the position in the second and handled six chances perfectly.

Scores: Cincinnati 6, 000 033-6 11 0. Brooklyn 4, 000 102 010-4 9 2. Kelp, Frey, Benton and Manion; Lombardi; Heimach, Ryan, Shaute and Outen.

Second Game  
Cincinnati 000 101 000-2 11 1. Brooklyn 002 110 00X-4 12 0. Stout, Frey and Lombardi; Thurston and Outen.

RECALL SHORTSTOP  
Brooklyn, Aug. 26.—(AP)—The Brooklyn Dodgers today recalled Linus Frey, a shortstop, from the Nashville club of the southern association. He will report Monday and probably will get into action immediately since three of the Brooklyn infielders, Tony Cucinello, Jake Flowers, and Baxter Jordan, are on the injured list.

Among the Winchester business visitors in the city Saturday was Ralph Coumbes.

## Compiler of All-Star Votes Swamped; Race is Still Tight

The compiler of votes for the Y.M.C.A. league and Twilight league all-star teams is swamped and doesn't mind telling the world about it. Three hours of steady counting Saturday didn't pull him out of the hole very far, but he hopes to get caught up over the week-end.

Anyhow, the race for positions on the all-star team, and incidentally a chance to play in the benefit game on the Lake Maumaster diamond Monday, Labor Day, Sept. 4, is still going on nervously, and from the rust of votes, it is still too early to predict the players who will be selected.

Voting for players on the all-star teams will close this Thursday afternoon at six o'clock. If the votes continue to come in at the rate they have been presented during the past week, it may be one or two days before the ultimate winners are announced. But don't let that keep you from sending in your vote. There is only a small margin between some of the players now and your vote will help to swing the tide in favor of your candidates.

Work on Game Details  
Work has begun on details for the game. The money which will be taken in at the gate will be turned over to the Park Board to be used in erecting a grandstand. The suggestion that a benefit game be played for this purpose came from the players themselves, and the Journal-Courier company has undertaken to get the fans' and players' opinions as to the best players in both leagues. State Hospital players have withdrawn from the game because they will be busy on their own diamond that day.

The game will be called at two o'clock in the afternoon in order to avoid all chances of running into darkness before it is completed. It will last for nine innings. The admission fee has not been definitely decided but will be nominal.

The starting line-up of players in the two leagues, when the counting was interrupted by the rain, was as follows:  
First base—C. Riggs 102; Wood 12; Vancil 62.

Second baseman—Murgatroyd 126; Ed Blessee 60; Adams 35.

## INDIANS WHIP SENATORS 5-4

Cleveland, O., Aug. 26.—(AP)—The pace-making Washington Senators lost an 11-inning struggle with the Cleveland Indians 5 to 4 today as Wesley Ferrell outlasted five Washington hurlers to turn in his 101st major league pitching conquest.

Burnett's triple, his fourth hit, enabled the Tribe to tie the score at 4-all in the ninth. Then in the eleventh, Galster singled and scampored over the plate with the winning run on Vosnick's single, also his fourth of the day.

Heinie Manush went hitless in five trips to the plate after hitting safely in 23 consecutive games.

Ferrell, who took two months to turn in his 100th victory in five years of big time hurling, helped out his own cause with a home run, his sixth of the season.

The victory made it unlikely the big right-hander would be shifted to the outfield next season, a move he had discussed with Manager Johnstown during his long losing streak.

Braves Shutout Cardinals 3-0  
Boston, Aug. 26.—(AP)—The pennant striving Boston Braves, behind the four hit pitching of Ben Cantwell, today shut out the St. Louis Cardinals, 3 to 0, to sweep the three-game series and extend their winning rush to seven straight.

The Braves were perfect defensively. Several brilliant plays were turned in by Maranville, Urbanski and Cantwell and as a result not a Cardinal player saw third base.

## Athletics Rally in Final Innings and Defeat White Sox by Ten to Five Score

Chicago, Aug. 26.—(AP)—The Philadelphia Athletics rose up in the seventh inning today and put together five solid hits for as many runs to wipe out an early White Sox lead and spoil an otherwise successful Ted Lyons day celebration by defeating the veteran hurler, 10 to 5.

Crugging into the seventh trailing, 4 to 2, because of an extra base attack on Mahaffey by the Chicagoans in the third and sixth, the A's hit in the seventh inning was touched off by Bob Johnson's third home run in two days and his seventeenth of the season.

When the A's started up again in the eighth Lyons gave way to Kimsey. Higgins led the A's 15 hit attack against the Chicago pair with a perfect day of two triples, two singles and a walk.

Before the game, Lyons was presented with many gifts in an elaborate 40 minute ceremony. Among them were a check of \$500 from a group of White Sox fans, another sizable check from his teammates, two radios, and many smaller presents. Had he won the game, it would have been his 150th victory in his ten year and a half season with the Chicago club, which he had won when he left Baylor University in June, 1923.

## LOCAL TENNIS MEN IN LOSSES IN TOURNNEY

Only Chenoweth and Lukeman Survive Second Day's Play at Rushville—All Play Finals, Semi-finals and Center Finals Today.

Rushville, Aug. 26. — (Special)—Only two Jacksonville players came out of the rush of tennis played here today, as they were not called upon to play match, marching into the third round of the doubles tournament on default. They are Kenneth Chenoweth and Elmer Lukeman.

Chenoweth, Moriarty, Vorbeck, Hamm and Schwartz went down in the single tournament, most of them

in hard fought matches. Chenoweth first displaced Eudorian of Quincy 6-2, 6-2, and then lost to Rigall of Rushville, 1-6, 6-3, 6-4. Rigall had previously defeated Bob Hamm 8-6, 7-9, 8-6 in one of the hardest matches played in the tournament.

Wavering of Quincy ousted Jack Moriarty from the singles division, and sent one of the favorites, Dr. Brockman of Beardstown, into the discard after another three set thriller. Wavering won from Moriarty 6-2, 9-7, after Moriarty had defeated Means of Rushville 6-4, 6-1.

Bush of Quincy eliminated two more Jacksonville hopes, defeating Ed Vorbeck 6-1, 6-4, and then downing Schwartz of Jacksonville 6-3, 9-7, and Moriarty and Vorbeck lost out in the doubles tournament to Robinson and Crabb of Macomb 6-2, 9-7, and Schwartz and Stewart won from Charles and Rink of Beardstown before going out of the tournament under the strokes of Glegel and Needles of Quincy 6-2, 6-4.

Quarter-finals, semi-finals and finals in both singles and doubles will be played Sunday.

## GIANTS DIVIDE WITH PIRATES

New York, Aug. 26. — (P)—The Pittsburgh Pirates, rallying behind the five hit pitching of their young southpaw, Ralph Birkofer, and the veteran Waite Hoyt, today snapped the league leading New York Giants winning streak at eight games but not before they had dropped their seventh straight in the first game of a double-header.

After Carl Hubbell had outpitched Hal Smith to give the Giants the opening contest 2 to 1, the Pirates came back to win their first game of the series, taking the nightcap 7 to 2 as they blasted three New York hurlers for 13 hits.

The division of the double bill cost the Giants a half-game as the Boston Braves won their seventh successive game to reduce the Terrymen's lead to six and one-half games.

Vaughan's fumble of Hubbell's grounder with the bases full in the fifth cost Smith and the Pirates the first game. Vergez scored on the error and Mancuso came in a moment later on Moore's fly, bringing the run that proved to be the deciding tally across the plate.

The Pirates got the only earned run of the game in the sixth when Grace, Lloyd Waner and Jensen hit successive singles.

With the score tied at one-all in the second game, Hal Finney, pinch hitting for Birkofer, hit a home run with two on in the seventh to break the deadlock. The Pirates chalked up 3 more in the eighth to make the win decisive. Mel Ott hit his 20th home run of the season and his third in two days, and Mancuso cracked one for the circuit to account for the Giants' tallies.

genthau "is perpetuating reaction-

**The TINYMITES**  
STORY BY HAL COCHRAN PICTURES BY JOE KING  
REG. U. S. PAT. OFF.  
© 1933 BY NEA SERVICE, INC.

The diver had been waiting long.  
Said he "I hope that nothing's wrong."  
That little fellow, Duncy, said he'd  
find my treasure chest.  
"I must get it at any cost. I need  
the gold that I have lost. Well, I  
will wait a little while. The lad will  
do his best."  
"I made it very clear that he  
should jerk the rope, to signal me. I  
haven't felt a thing yet, but I still  
have lots of hope."  
And then the old man closed his  
eyes. Of course he didn't realize that  
he was going to fall asleep, while  
clinging to the rope.  
The treasure chest, far, far below,  
was all tied up and set to go. "Hey,  
wait, before you give the signal,"  
Scoutly loudly cried.  
"I'd like to get out of the sea. If  
you're all game to go with me, I would  
suggest that Duncy, on that big chest,  
take a ride."  
"Then he will meet the diver, who  
can likely tell us what to do, to get  
out of the water. What do all you  
Tinymites say?"  
"A great plan," Goldy shouted.  
"Geel I, too, have grown tired of the  
sea. If I could have one wish, I'd  
wish that we'd get out today."  
The other Tinymites agreed, so  
Duncy said, "Well, all I need to do  
is give the rope a jerk and then hang  
on real tight."  
"The diver was so kind before, I  
know he will be kind some more. Wait  
here until you hear from me. I'll soon  
be out of sight."  
He pulled the rope and jumped  
aboard. "Ho! Ho!" the Tinymites  
roared. The jerk woke up the diver,  
who was tickled as could be.  
"Here's where I get my chest," he  
cried, "and all my gold will be inside."  
Then he began to pull the big chest  
up out of the sea.  
(The diver finds a way to help the  
Tinymites in the next story.)

**Patron of Cafe Is Killed as Manager, Robber Fire Shots**  
Chicago, Aug. 26.—(P)—Caught in a  
revolver duel between a robber and a  
restaurant proprietor, Miss Florence  
Quinn, 22, was shot to death today  
while eating a snack in a cafe just  
north of the Loop.  
A single bullet pierced the girl's  
temple and killed her. Albert Pappas,  
restaurant, was wounded in the left  
hand and he believed he wounded the  
robber, who fled.  
Pappas had been suspicious of the  
robber and his accomplice and hid his  
pistol handy on the counter when one  
of the pair started toward the kitchen  
door. When the robber called "this is  
a stickup" Miss Quinn jumped from  
her table, screamed, and was struck  
by one of the first shots fired. She  
was a clerk for a grocery firm.  
The gunman fired three shots,  
one hitting Miss Quinn. Then  
Pappas, ducking behind the counter,  
opened fire. He said the robber  
clutched at his side as if wounded,  
then dashed out the door with his  
confederate.

**FAIR SPEEDBOAT RAMS CRUISER; THREE DROWNED**  
**Double Probe Started Into Lake Tragedy at Chicago**  
Chicago, Aug. 26.—(P)—A double in-  
vestigation, by police and coast  
guardsmen, was underway today into  
a collision of two watercraft which  
cost the lives of three World's Fair  
sightseers.  
Both boats, the Miss Chicago, a  
speedboat which carried ten passen-  
gers and its pilot, and the cabin  
cruiser, The Visitor, with seven  
aboard, sank after their crash which  
occurred last night in Lake Michigan  
near the mouth of the Chicago river  
and about 500 feet from the coast-  
guard station.  
A look-out who saw the accident  
despatched three coastguard boats  
and ten men who rescued all The  
Visitor's passengers and all but four  
of the speedboat's. Its pilot, Walter  
Pomper, was dragged to safety by the  
pilot of another speedboat which hur-  
ried up.  
Only one body was recovered, that  
of a woman apparently about 40  
years of age. Coastguards dragged  
the lake for several hours seeking the  
others, believed to be a father and  
his young son. The body of a man  
recovered near the scene was at first  
thought to have been that of one vic-  
tim but later rescue workers said they  
believed it was that of a transient  
who had drowned.  
Crafts S. quickly  
Pomper said the boats collided  
when the 28 foot cruiser crossed the  
path of the boat so quickly that he  
had no chance to swerve it out of  
danger. The cruiser was rammed  
amidship and nearly cut in half. Both  
craft went down immediately but the  
cruiser was later towed to the guard  
station.  
Federal authorities held Pomper  
for the inquiry, while police sought to  
question further about the O'Malley  
owner of the cruiser, who said the  
crash resulted from a race between  
the Miss Chicago and another speed-  
boat. O'Malley, an attorney, was  
piloting a party of friends on a trip  
along the lake shore when the ac-  
cident happened. The speedboat was  
returning with its load of passengers  
from the fair to the Michigan Avenue  
bridge.  
All of the survivors were Chicagoans  
except Harold Mullendy, of Hagers-  
town, Md., who was on the cruiser,  
and Arnold Kewley and Frances Bren-  
del of Culm, Ill., who suffered from  
shock and several received slight  
bruises. They were taken to the  
coastguard station and revived.  
None of the speedboat's passengers  
had registered and because of this it  
was feared that identification of the  
victims might require considerable  
time.

**SWINE RECEIPTS**

**TOTAL 530,000**

Chicago, Aug. 26.—(AP)—Hog receipts in Chicago in the last week totaled 530,000, nearly double last year's 273,000 for the comparable week.

The reason for the increase lay in the government's hog-buying program, which has brought in a flood of young pigs and piglets which have glutted and overwhelmed the facilities of Chicago and other markets authorized to handle them.

Today's run of 7,000 included 7,500 direct and more than 9,000 government animals leaving the open market dependent on the holdover of 4,000, of which about 1,000 moved. Prices ranged from steady to 15 cents lower.

Top today was \$4.45.

Today's cattle market, with 600 received, was nominal. For the week receipts have exceeded 50,000 for the first time since October. Good steers slumped 25 to 40 cents. Top was \$7.40, but \$5.35 to \$5.50 took most fed steers, with common and medium at \$4.75 to \$5.50, a shade lower. Light calves held steady, fat calves and heifers \$5.15 and the heaviest cows \$4.75 to 45 cents. Cows were under pressure, but bulls and yearlings are still scarce and strong.

The sheep market today was also nominal, with 500 in. In the week fat lambs lost 75 cents to \$1. Top was \$7.60, with the bulk of market ranging at \$7 down and westerns \$6.50 to \$6.75.
